

STATUTORY PROGRAMMES OF STUDY

RECEPTION AND KEY STAGE 1

Introduction

These units of work take the form of a key question followed by a series of supplementary questions which provide the structure and direction of the individual unit. Taken collectively the units provide an important balance between AT1 and AT2 and ensure full coverage of the six areas of enquiry. The characteristics of learning highlight the key features of RE at Key stage 1 and the experiences opportunities provide guidance on the kinds of learning experiences children at Key stage 1 should encounter.

The 'characteristics of learning' at the end of this section highlight the essence of RE in Key stage 1 and the experiences / opportunities provide guidance on the types of learning encouraged for Key Stage 1 pupils.

Each unit is followed by the MINIMUM expected learning outcomes. Pupils will usually learn much more than this in their RE, but there is a core of knowledge, understanding and skills that should be achieved if further progress is to be made. Note that Christianity is mentioned in each unit, but that learning about and from Christianity is **not** a compulsory part of each and every unit.

Examples of how pupils might demonstrate whether they are below, within, secure or exceeding each statement will be given in the [AMV Learning Outcomes](#) document.

It is recommended that pupils are given feedback on how well they are doing in RE in relation to these statements. The statements can also be used to indicate what pupils need to do next in order to make progress. Items in square brackets within the Learning Outcomes statements need not be covered in that particular unit of study.

It is also recommended that teachers give feedback to pupils on the attitudes shown to their learning in RE. For example, do they grow in *confidence* about their own beliefs and identity? Do they *reflect* on what they are learning and use *empathy* and *imagination*? Do they look *beyond surface impressions* and search for *meaning in life*? Do they *listen carefully* to the views of others and consider *evidence* and *argument*? Do they recognise the *needs and concerns of others*? Do they appreciate that people's beliefs are often *deeply felt*? Do they develop a balanced sense of *self-worth and value*?

Characteristics of Learning

Throughout Key Stage 1 children explore Christianity and one religion from Hinduism, Islam or Judaism as the focused religions. They learn about different beliefs about God and the world around them. They encounter and respond to a range of stories, artefacts and other religious materials. They learn to recognize that beliefs are expressed in a variety of ways, and begin to use specialist vocabulary. They begin to understand the importance and value of religion for believers, especially other children and their families. Children ask relevant questions and develop a sense of wonder about the world, using their imaginations. They talk about what is important to themselves and others, valuing themselves, reflecting on their own feelings and experiences and developing a sense of belonging.

Experiences and opportunities

- visiting places of worship, focusing on symbols and feelings
- listening to and responding to visitors from local faith communities
- using their senses and having times of quiet reflection
- using art and design, music, dance and drama to develop their creative talents
- sharing their own beliefs, ideas and values, and talking about their feelings and experiences
- beginning to use ICT to explore religions and beliefs as practised in the local and wider communities.
